ENGAGEMENT AND MEDIA

Student Placements

I have organised a placement scheme for Q-Step undergraduate students at the University of Warwick to undertake at the Liberal Democrats’ HQ.

Democratic Dashboard

Since January 2017, I have been responsible for managing and promoting the LSE voter information site Democratic Dashboard. The site has covered every local and national election since 2015. In addition, I have integrated a polling station finder, local candidate information, and election results. The site has been used by 700,000 people since 2017, and featured on the [Guardian](#), [Independent](#), [Express](#), and [ITV](#).

Sheffield Methods Institute

As a Research Associate at the [SMI](#), I have created a series of materials for teaching quantitative research methods, including tutorial videos, ‘how to’ guides, and software user guides.

Q-Step

I have been involved with outreach work on behalf of Q-Step for 4 years. Alongside contributing to the organisation and teaching of the annual [Summer School](#), I was a regular contributor to Kent Q-Step’s “[How To Win Arguments With Numbers](#)” Q-Step podcast, and organised a public panel event.

Media
